

# THE *Heidenreich* FAMILY

Missionaries Going Global with the Gospel

coming to know the Lord.

A few weeks ago I was following up on my visitors and knocked on the door and he was in Florida. But his daughter's boyfriend Gary came and answer the door. After a few minutes I would get to lead him to Christ and he said, "I am so relieved to know that I'm going to Heaven!"

Last week I had kidney surgery on my only good kidney that is working 60%. The doctor was pleased with the surgery but let me know that I'm going to have to go through a harder recovery this time.

Then we had a special blessing my sister who I haven't seen for 10 years came to visit with her family. I was able to lead my great niece to the Lord. And then my niece that was saved but never baptized wanted to be baptized. They went to church with us on Sunday and both of them were baptized. Then on Sunday night I was able to lead a man to the Lord and he was baptized.

There has been a great demand on Bibles and I love for my converts to have their first Bible. I want to thank all of you for your love, prayers and your support. God has given us a great opportunity to win souls. The world is waiting for the Gospel!  
Steve & Susie Heidenreich
